Hearing Is Our Concern™

# Better hearing health and wellness **start here**

At Starkey®, hearing is our concern.  
We believe to hear better is to  
live better. With our wireless  
hearing solutions, we can help you  
stay connected to the people and  
things you love most. Ultimately,  
helping you to live a healthier,  
more fulfilling life.

.....

*It's important to take an empowered,  
proactive approach to health during  
every stage of your life - let it begin  
with your hearing health.*

.....

# DID YOU KNOW?

Your hearing health has a direct effect on your overall health

HEARING AIDS  
**CAN REDUCE**  
THE EFFECTS  
OF DEMENTIA &  
ALZHEIMER'S

**THOSE WITH HEARING LOSS** EXPERIENCE  
A 30-40%  
GREATER DECLINE IN THINKING ABILITIES COMPARED  
TO THOSE WITHOUT HEARING LOSS.

## DEPRESSION

UNCORRECTED HEARING LOSS GIVES  
RISE TO **POORER QUALITY OF LIFE**,  
ISOLATION AND REDUCED SOCIAL  
ACTIVITY, LEADING TO DEPRESSION.

## OTOTOXICITY

THERE ARE MORE THAN 200 MEDICATIONS  
(PRESCRIPTION AND OVER-THE-COUNTER)  
ON THE MARKET TODAY THAT ARE KNOWN  
TO BE OTOTOXIC – WHICH, QUITE LITERALLY,  
MEANS “**POISONOUS TO THE EARS**”.

**FEVER, MALARIA,  
MENINGITIS -  
OR ANYTHING  
THAT ELEVATES  
TEMPERATURE**  
CAN CAUSE  
DAMAGE TO HAIR  
CELLS IN THE INNER  
EAR AND CAUSE  
HEARING LOSS.

**MAINTAINING  
HEALTHY WEIGHT & STAYING  
PHYSICALLY ACTIVE**  
MAY HELP REDUCE THE RISK  
OF HEARING LOSS

## OSTEOPOROSIS

A STUDY LINKED  
OSTEOPOROSIS  
AND HEARING LOSS,  
THEORIZING THAT  
DEMINERALIZATION  
OF THE THREE MIDDLE  
EAR BONES MAY  
CONTRIBUTE TO A  
CONDUCTIVE HEARING  
IMPAIRMENT.

**HEARING LOSS IS TWICE AS COMMON  
IN PEOPLE WITH DIABETES  
COMPARED TO THOSE WITHOUT.**

**THE INNER EAR IS EXTREMELY  
SENSITIVE TO BLOOD FLOW.**

INADEQUATE BLOOD FLOW AND TRAUMA  
TO THE BLOOD VESSELS OF THE INNER  
EAR CAN CONTRIBUTE TO HEARING LOSS.

**THERE IS A SIGNIFICANT  
ASSOCIATION BETWEEN HIGH BLOOD  
PRESSURE AND HEARING LOSS.**

SEVERAL STUDIES   
POINT TO A SIGNIFICANT  
**CORRELATION BETWEEN  
HEARING LOSS AND LOSS  
OF COGNITIVE FUNCTIONS**

**CURRENT SMOKERS  
HAVE A 70% HIGHER RISK  
OF HAVING HEARING LOSS  
THAN NONSMOKERS**

**TINNITUS AFFECTS PEOPLE.**

IT CAN BE CAUSED BY HEARING LOSS, AN EAR  
INJURY OR A CIRCULATORY SYSTEM DISORDER.

# STAY CONNECTED

## Hear life to its fullest with Halo

Our breakthrough Made for iPhone® Hearing Aids and our easy-to-use TruLink™ Hearing Control app are engineered to work specifically with your iPhone, iPad® and iPod touch®.

Together, Halo™ and TruLink deliver the most personalized hearing experience ever, and are designed to:

- Deliver pristine sound and exceptional listening clarity
- Help you hear comfortably in noise
- Eliminate buzzing and whistling
- Stream phone calls, music and more, directly from your iPhone to your hearing aids

Halo hearing aids are compatible with iPhone 6, iPhone 6 Plus, iPhone 5s, iPhone 5c, iPhone 5, iPhone 4s, iPad Air, iPad Air 2, iPad (4th generation), iPad mini with Retina display, iPad mini, iPad mini 3 and iPod touch (5th generation).

## Halo™

**Starkey — America's premier  
hearing solution provider**

*When it comes to comfortable, great sounding and personalized solutions for their hearing needs, people everywhere ask for Starkey — the only American-owned and operated manufacturer of advanced hearing solutions. At Starkey, Hearing is Our Concern.™*

# Connect to the things you care about most

Halo connects intuitively to your iPhone, iPad and iPod touch via Bluetooth technology and Starkey's easy-to-use TruLink app. It is designed to enhance your life — so you can

easily enjoy everything you do, anywhere you go.

---

## Phone Calls

Answer your calls with the touch of a finger then hear the entire conversation streamed directly to your Halo hearing aids via Bluetooth technology.

## SoundSpace™

TruLink SoundSpace enables you to easily adjust sound settings to your specific environment. By simply moving your finger on the screen, you can adjust sound to suit your preference — then save it as a TruLink Memory — so every place you're in sounds the way you like it best.

---

## Remote Control

With the touch of your iPhone, you can easily change volume and switch memories on your hearing aids. And because both are adjusted via a visual indicator bar, you have better control and nearly infinite levels to suit your preference.

---

## TruLink Memories

You can create up to 20 TruLink Memories using the SoundSpace tool on the TruLink app.

You can even geotag TruLink Memories if you want. A geotag memory uses the built-in GPS on your iPhone to know where you are, then automatically adjusts your Halo hearing aids to that tagged location. For instance, “coffee shop” memory automatically activates when you walk into your favorite coffee shop.

---

## Auto Experience Manager

Automatically adjusts your Halo hearing aids’ loudness over time to help you transition to your new hearing experience in the most comfortable way.

---

## Pristine Audio Streaming

Halo hearing aids provide direct streaming of phone calls, music and media from your iPhone — so you can enjoy clear communication and pristine audio streaming anytime, anywhere, for an impressive, immersive sound.

---

## TruLink Adaptive Car Mode

With TruLink’s Adaptive Car Mode, Halo hearing aids will automatically change to a setting designed to reduce the annoying sounds of driving and enhance your “audio” driving experience.

*TruLink is as easy and  
intuitive to use as your  
iPhone and iPad.*

---

## Live Microphone

Record, play back and even email audio as it happens. You can listen to it later. Also use your iPhone as a microphone. Simply set your iPhone nearby, turn on the feature and conversations are streamed directly to your Halo hearing aids.

---

## Siri® Integration

You can even have Siri read texts and emails directly to your Halo hearing aids.

---

## Find My Hearing Aids

Easily find lost hearing aids using the Find My Hearing Aids feature, showing both a location and a time stamp. A signal detector sends a stronger or weaker signal based on how close you are to locating your Halo hearing aids.

Enhance  
every  
experience

# Fulfilling all your needs

## YOU WANT:

## HALO DELIVERS:

**To hear more comfortably in noise**

Advanced noise reduction technology and a precise directional microphone work together to reduce noise, and help make speech easier to hear in today's challenging environments.

**No buzzing or whistling**

Our industry-best feedback canceller provides feedback-free and comfortable listening all day long.

**Improved high-frequency audibility**

Patented technology replicates high-frequency sounds (like women's and children's voices) in lower frequencies where they're easier to hear and understand.

**Enhanced phone communication**

Direct streaming of phone calls from your iPhone to your hearing aids enables clear and comfortable conversations.

**Great sounding music and media**

You can stream any music or media played on your iPhone directly to your hearing aids for a more immersive and impressive listening experience.

**Hearing that's personalized for you**

The SoundSpace tool on the TruLink app lets you make minor adjustments to sound quality to suit your particular preferences.

**Hearing that happens intuitively**

Geotagged memories automatically switch modes when the GPS feature in your iPhone detects you are in a tagged location. ["Home" memory activates when you arrive at your home.]

**Reliable, hassle-free hearing aids**

HydraShield<sup>®2</sup> nano-coating repels both water and wax, while the remote functionality of your iPhone lets you control and adjust your hearing aids more easily than ever.

# What's right for you?

Halo hearing aids are designed to accommodate and enhance a variety of listening environments.

What you need will depend on how busy and active you are, and what types of environments you frequent.
