

Ceiling Scape

# Pantheon

Temple of Sound

A coffered ceiling scape sinks unwanted sounds. Recessed square panels, airy and ancient, add dimensionality. Open tile options offer flexibility, accommodating existing fixtures. With Pantheon, make any space an architectural, acoustic feat.

# How To Specify

## Key Information

Pantheon can recess into your space in a variety of ways. Consider these questions as you design your layout.

If shop drawings are required for your project, please follow steps 1 - 7.

## Fast Track

If you're looking to expedite your project, this product is available as Turf Fast Track!

Using Fast Track, our standard lead time for shop drawings is eliminated allowing the project to move directly into production.

Please note, installation and seaming drawings are not included in this process.

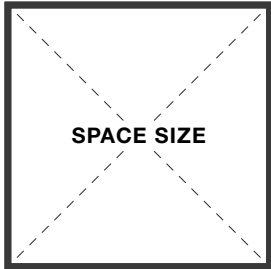

Turf recommends 10-15% additional tiles to cover overage / attic stock.

## Pattern Direction

Pantheon projects that use Wood Grains, Wood Textures or any Travertine Stone Textures are not available for Fast Track. Turf's design team can help guide you through these use cases for pattern direction.

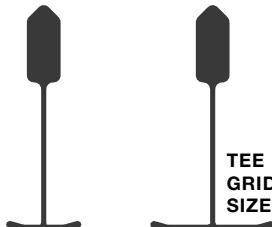

See "Grains & Textures Pattern Direction" page for more details.

# Tile Types

**Design**

Pantheon tiles come in six standard types. Each profile has a unique size or position of recess. When coordinated together, the varying tiles create a dynamic ceiling.

**A Tiles**

Pantheon B & C tiles have a 12"L x 6"W rectangular recess that can be either centered or shifted.

**B & C Tiles**

Pantheon B & C tiles have a 12"L x 6"W rectangular recess, that can be either centered or shifted.

These tiles are perfect to use along the edge of an array, or to create a slimmer profile.

D, E & F Tiles

Pantheon D, E, & F tiles have a 6" square recess that can be either centered or shifted in multiple directions.

These tiles are perfect to use as the corner to an array, or to create a consistent field.

Tile Layouts

See our "Typical Layouts" pages to help generate some ideas for tile type combinations.

Beyond this guide, all tile types can work together to create a layout tailored to your space.

# Open Tiles

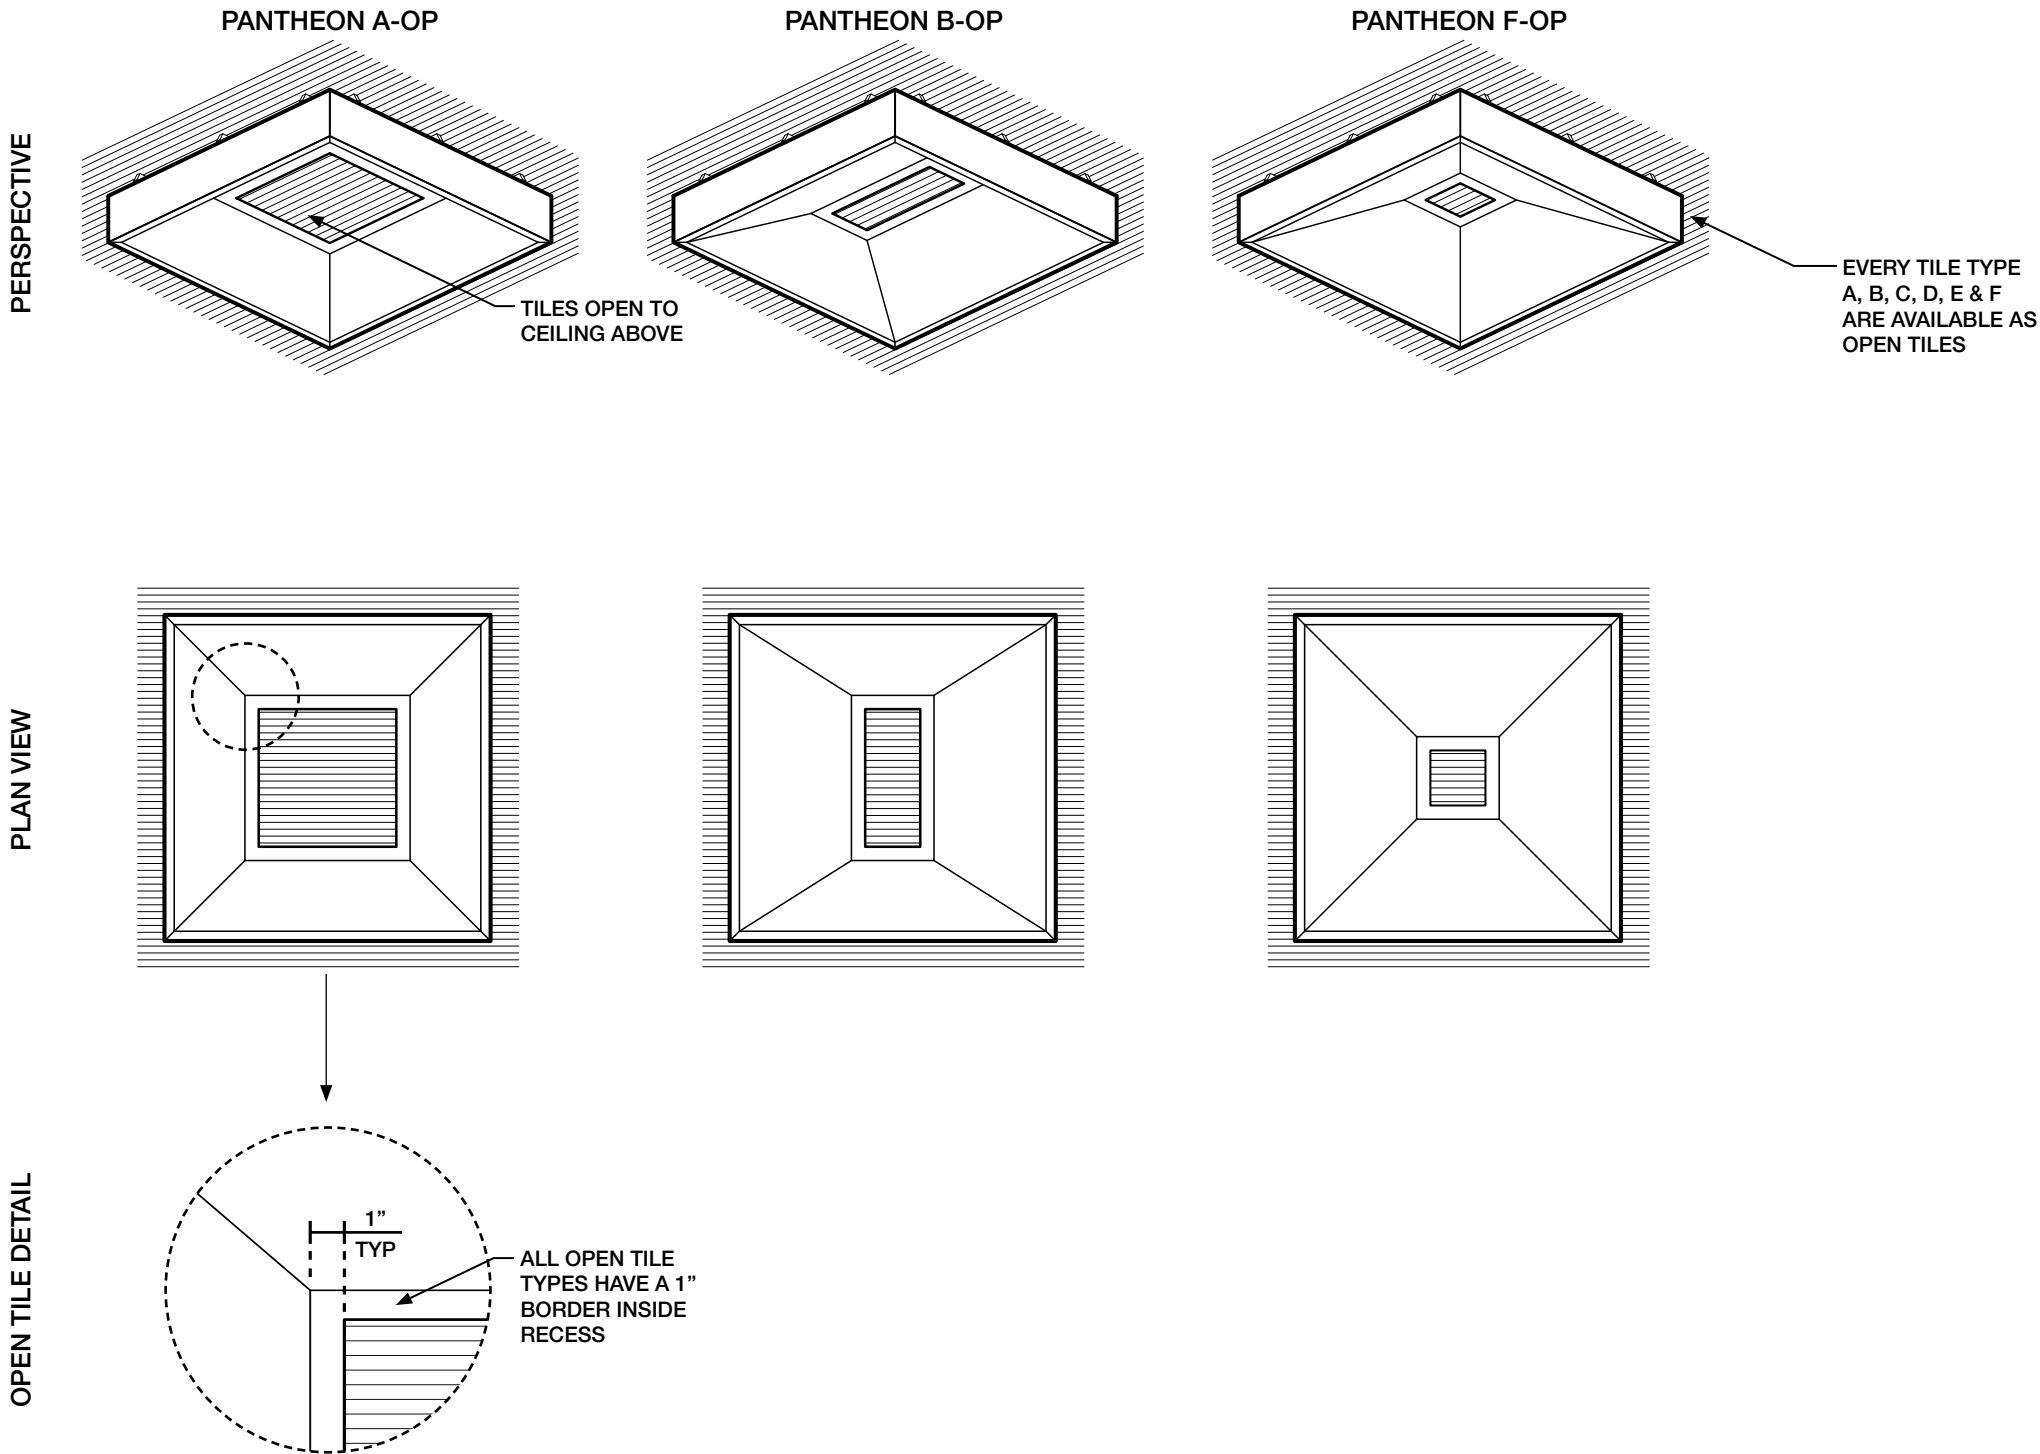

**Tile Flexibility** All six of the Pantheon tile types have an Open version where the recess is removed leaving the ceiling above visible.

**Ceiling and Equipment** Open tiles allow easy access to the ceiling above. These tiles offer maximum flexibility to drop lighting, sprinklers, and other ceiling devices.

**Recess Border** Open tiles will have a 1" border along the recess for tile rigidity.  
  
See the "Open Tile Detail" drawing at the bottom of this page for more information.

**Tile Types Compatibility** Please note: all tile types are available with an opening. The drawings only show a handful of examples.

# Lighting Integration

**Design** Turf offers multiple precut holes that are designed to work with fixtures by USAI.

**Tile Types Compatibility** All Pantheon tile types are available with all fixture options below. The drawings only show a handful of examples.

Please note: the precut hole is centered on the recessed portion of each tile which is not necessarily the center of the overall tile.

# Grains & Textures Pattern Direction

Wood Grains, Wood Textures & Travertine

All of Turf's Wood Grains, Wood Textures and any of the Travertine Stone Textures inherently have a pattern direction. Each individual tile can have the pattern running vertical or horizontal.

Client Specification

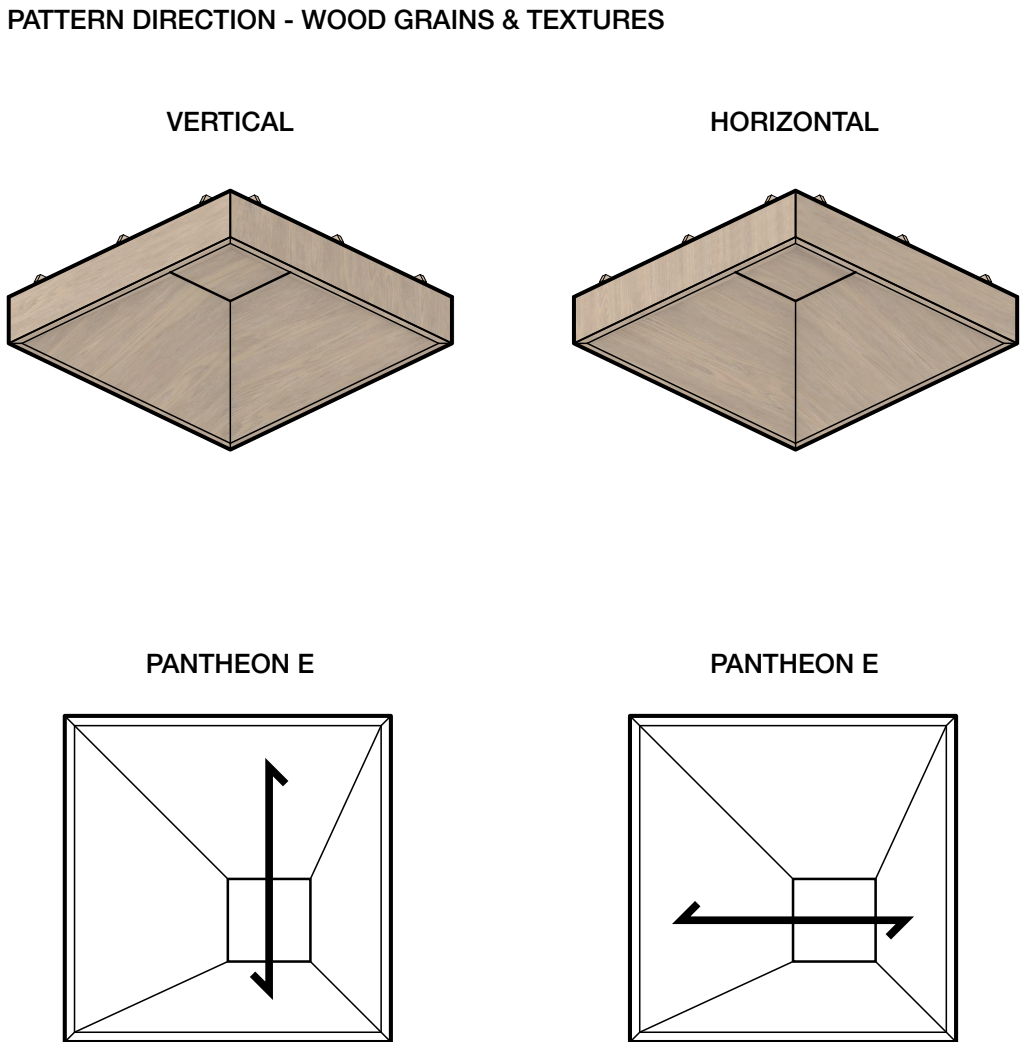

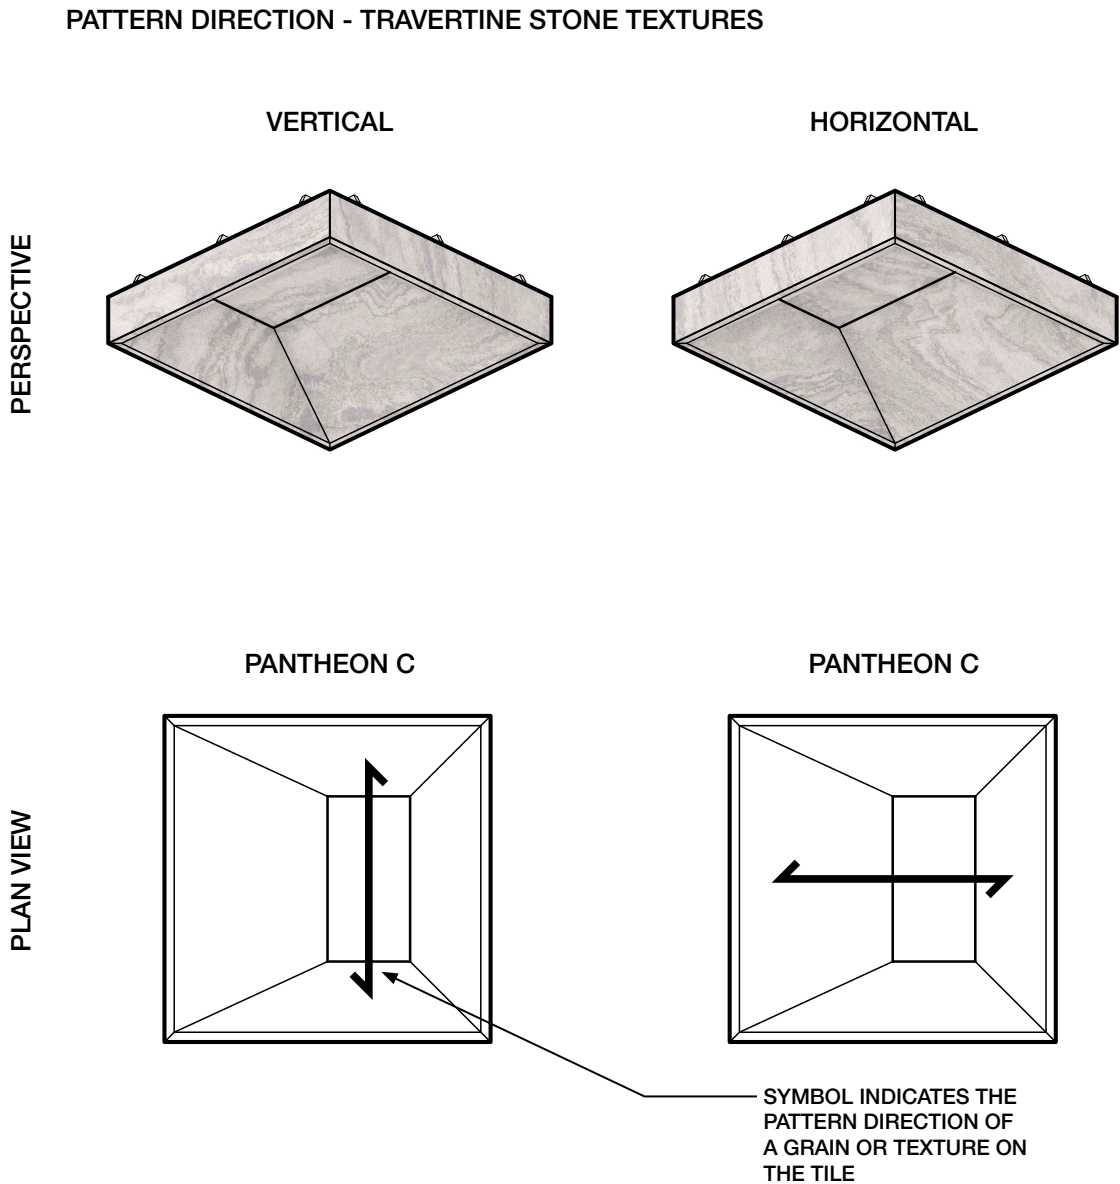

Work with the Turf Team to help define pattern direction within your layout.

Wood Grains, Wood Textures and Travertine Stone Textures are not available with Turf's Fast Track.

Direction Examples

ST01 Travertine is used as an example with Pantheon Tile C, and D04 Washed Ash is used as an example with Pantheon Tile E

Please note: all grains and textures are available for all tile types.

# Installation Guide

Pantheon tiles are designed for quick and easily installation into ceilings— just follow this simple guide.

# 9mm Colors

Introducing Hues, our new 9mm color palette designed for the senses.

The 9mm PET felt board is used as our primary construction material. Select one of our coordinating neutrals to blend in, or go for a contrasting element with one of our hues.

The process used to create PET felt often results in a heathered effect where multiple tones are present. Slight variations in color should be expected when using this sustainable material.

**Felt Thickness**

## 9mm Stone Textures

Inspired by nature, designed for felt. Our digitally printed Stone Textures capture the character and nuance of stone on top of a curated color collection from our Hues palette with virtually no repeats. The three patterns in this family capture unique elements from the stones for which they are named.

There is an additional product cost for Stone Textures.

Turf has curated this collection to include only the best pattern and color combinations.
