

**TABLETOP HANDS-FREE  
HAIR DRYER**

This tabletop hands-free hair dryer is an innovative solution designed to **make your nighttime routine effortless and relaxing.**

This advanced dryer is perfect for those who **come home exhausted and want to quickly dry their hair after a shower before heading to bed.**

It is also ideal for individuals who frequently experience arm fatigue or boredom while blow-drying their hair, such as children, as well as for people with disabilities who need an easy-to-use, efficient drying solution.

# **SUSTAINABILITY APPROCH**

# UNIVERSAL DESIGN

Designed to be used by everyone, including those with disabilities, the elderly, children, and busy individuals who need to multitask.

# EASIER MANUFACTURING PROCESS

All the cylinders have a bit of a bevel, which makes injection molding easier.
